

Enforcement Notice

The Environmental Permitting (England and Wales) Regulations 2010 Regulation 36

To: **Delta GMB Ltd, Lodgefield Road, Halesowen, West Midlands, B62 8AX**

Dudley Metropolitan Borough Council ("the Council") in the exercise of the powers conferred upon it by Regulation 36 of the Environmental Permitting (England and Wales) Regulations 2010 ("the 2010 Regulations"), is of the opinion that the operator of the installation under permit reference PB/42 has contravened an environmental permit condition, detailed as follows:

Condition 3.2

"The Operator shall by the 31st January 2008 and annually thereafter, submit to the Council a calculation of the annual "consumption of organic solvent" (C). The calculation shall be carried out in accordance the "solvent management plan" attached to this Permit as Appendix 2."

Condition 3.4

"The Fugitive Emission Value for the Installation shall not exceed 25% of the Solvent Input determined in accordance with the Solvent Management Plan attached to this Permit as Appendix 3 where the terms Fugitive Emission Value and Solvent Input are defined."

See Schedule 1 to this Notice which sets out the matters constituting the contravention, the remedial steps that must be taken and the period within which those steps must be completed.

Schedule 1

Permit Condition:	Matters constituting the contravention:	Steps to be taken to comply with this notice:	Date by which the said steps are to be taken:
Condition 3.2	A calculation of the annual consumption of organic solvent for the period November 2009 – November 2010 has not been submitted to the council.	Submit a calculation of the annual consumption of organic solvent for the period November 2009 – November 2010 to the council.	22 nd April 2012
Condition 3.4	Submission of information to the council in April 2010 for the period November 2008 – November 2009 showed that the installation was not complying with the requirement of Condition 3.4 for the fugitive emission value for the installation not to exceed 25% of the solvent input.	Using the figures obtained from the determination of consumption of organic solvent required by condition 3.2 for the period November 2009 – November 2010, determine if the installation was compliant with the fugitive emission value for the installation for the period November 2009 – November 2010 and make these records available to the Council.	22 nd April 2012
