

Part B Standard Installation

This form can be used if you are applying for a permit to a Local Authority to operate a standard Part B installation as defined in the Environmental Permitting Regulations 2010 and the installation requires an air pollution control permit.

Documentation

There are number of other documents you will need to send us with your application. You will need to submit these to us separately either by email, CD/DVD/Memory Stick or in paper format.

Each time a request for a document is made in the application form you will need to record a document reference number for the document or documents that you are submitting. Please also mark the document(s) clearly with this reference number and the application reference number that you will receive once you have submitted your application.

Your application cannot be processed until all supporting information and the correct fee have been received by us. Do not submit your application form until your supporting documentation is available and ready to be submitted within 5 working days.

Data protection

Your information will be processed in accordance with Data Protection legal requirements. Please see the [Council's Privacy Statement and Charter](#)

Online payment

This service requires an online payment. **Once you have completed this form:** you can upload it and make your debit/credit card payment by using the same link on our Website that you used when you downloaded it.

You need a valid debit or credit card

- The payment will vary according to the service you request
- Your application will not be processed until payment has been received

A. Installation

A1.1 Name of the installation:	PAINT SHOP
A1.2 Address & postcode:	UNIT 47 WELLINGTON INDUSTRIAL ESTATE COSELEY WV14 9EE
Contact tel number:	01902 674998

A2. Details of any existing environmental permit or consent, including reference number(s). (For waste operations include planning permission for the site, established use certificates, certificate of lawful existing use or why the General Permitted Development Order).

Position	
Date (DD/MM/YY)	

Operator 3:

Have you committed any offences in the previous five years which are relevant to your competence to operate this installation in accordance with the EP regulations?

Yes

No

E. Fees & charges

An application fee of £1579.00 is applicable to your installation. Your application cannot be processed unless the application fee is received. You will have the opportunity to pay online at the end of the form.

Please give any company purchase order number or other reference you wish to be used in relation to this fee

Annual charges

If your application is successful, you will be required to pay an annual subsistence charge. If you don't pay, your permit can be revoked and you will not be able to operate your installation.

Please provide details of the address you wish invoices to be sent to and details of someone we may contact about fees and charges.

Address & postcode	CHASE EQUIPMENT LTD WELLINGTON HOUSE WELLINGTON IND EST COSELEY WV14 9EE
Contact name	MICHAEL GELL
Contact tel number	01902 574675835

F. Confidential / National Security information

F1. Is there any information in your application you think that should be kept off the public register for confidentiality or national security reasons?

Yes

No

If yes, please say what and why.

Doc Reference:	<input type="text"/>
----------------	----------------------

Do not include any national security information in your application. Send a copy of your application plus the omitted information to the Secretary of State/Welsh Ministers who will decide what, if anything, can be made public.

C4. Impact on the environment

C4a) What are the potential significant local environmental effects (including nuisance) of the foreseeable emissions?

VOC emissions contribute to ground-level ozone which seriously affect human/animal/plant health. Use of VOC-containing substances may cause nuisance to nearby residential premises.

b.) Are there any sites of special scientific interest (SSSIs) or European protected sites nearer than any of the following distances to the proposed installation:

- 2km – where the installation includes Part B combustion, incineration (not cremation), iron and steel, or non-ferrous metal activities
- 1km – where the installation involves mineral or cement and lime activities
- ½km - in all other cases?

Are there any sites close to the proposed installation?

Yes

No

c). If Yes, is the installation likely to have a significant effect on these sites and, if so, what are the implications for the purposes of the Conservation (Natural Habitats etc.) Regulations 1994.

d.) Has an environmental impact assessment been carried out for the installation under planning legislation or any other purpose? If so, please provide a copy.

Doc Reference:

D. Anything else

Please tell us anything else you would like us to take account of.

Doc Reference:

B2. Why is the application being made?

The installation is new

Changes to the existing installation means that it now needs a permit

Have you started to operate without a permit for the installation mentioned?

Yes

No

B3. Site maps

Please give all details and document references for all maps/plans pertinent to the installation. All maps/plans should be received within 5 working days of this online application.

A suitable map showing the location of the installation clearly defining extent of the installations in red

Doc Reference:

A site plan or plans showing where all the relevant activities are on the site, including storage areas, emission/ discharge points and any directly associated waste operations.

Doc Reference:

CE1

C. Installation details / Impact on the environment

C1. How will the installation operate?

Doc Reference:

C2. What pollutants (including odour) and how much are expected to be emitted into the atmosphere? Please say which stage of the process each emission will come from and also whether from a particular chimney, vent or other source (fugitive). Please include emissions during starting and shutting down the plant, and from possible breakdowns or accidents identified by a risk assessment. (Using process flow diagrams may help to simplify this.)

What techniques will be used to minimise each emission in line with BAT? What monitoring has been undertaken (give results) and what monitoring is proposed?

Doc Reference:

CE2

C3. What environmental management procedures and policy will you deploy?

Doc Reference:

CE3

B1. About the installation

Please fill in the tables below with details of all the activities which are or will be in operation at the whole installation.

In **column 1, Box A**, please identify all activities listed in Schedule 1 Part 2 to the EP Regulations that are, or are proposed, to be carried out in the stationary technical unit of the installation.

In **column 1, Box B**, please identify any directly associated activities that are, or are proposed, to be carried out on the same site which:

- have a technical connection with the activities in the stationary technical unit
- could have an effect on pollution

In **column 2, for Boxes A and B**, please quote the Chapter number, Section number, A(2) or B, then paragraph and sub-paragraph number as shown in Part 2 of Schedule 1 to the EP Regulations. [For example, *Manufacturing glass and glass fibre, unless falling within Part A(1) of the section, where melting capacity of the plant is more than 20 tonnes per day, would be listed as Chapter 3, Section 3.3, Part A(2)(a).*]

B1.1 Installation table for permit application

Box A: Activities in the stationary technical unit	Section in Schedule 1 to the EP Regulations
Coating metals with Paint	Schedule 1, Part 2 Section 6.4, Part B (a)(iv)

Box B: Directly associated activities	Schedule 1 references (if any)

A4. Holding Companies

Is the operator a subsidiary of a holding company within the meaning of section 1159 of the Companies Act 2006 *

Yes

No (if no go to section A5)

Name of ultimate holding company

--

Registered office address & postcode:	
Contact tel number	

Principal office address & postcode (if different):	
Company registration number	

A5. Contact details

It will help to have someone who we can contact directly with any questions about your application. The person you name should have the authority to act on behalf of the operator. This could be an agent or consultant rather than the operator.
