Dear Sirs

**Environmental Permitting (England and Wales) Regulations 2007: Variation of permits
PET/PB/20 and PET/PB/44 to operate a Part B Installation at
Site Addresses: BP Greenfields Connect, Manor Way, Halesowen (PET/PB/20) and
BP Short Cross Connect, Stourbridge Road, Halesowen (PET/PB/44)**

I enclose two Variation Notices in accordance with Regulation 20 of the Environmental Permitting (England and Wales) Regulations 2007 (the EP regulations). Each notice amends each Permit to take into account the fitting of Stage II vapour recovery controls, and also the requirements of the EP Regulations which have superseded the Pollution Prevention and Control Regulations 2000 under which the Permits were issued.

A list of amendments made to each Permit is included in Schedule 1 of each notice, and a permit which consolidates these changes is included in Schedule 2. Also enclosed is a guidance document, which contains information not contained in the permits such as your rights of appeal.

If you have any queries or wish to discuss this matter further then please contact me.

Yours faithfully

A handwritten signature in black ink, appearing to read "J. Hanson".
